

### CLIA lauds WA

**CRUISE** Lines International Association (CLIA) Australasia has welcomed the support for Western Australian travel agents provided by the Government of WA.

Western Australian has allocated \$3 million to support agents, with CLIA Managing Director Australasia Joel Katz saying the survival of the vocation was essential to the future recovery of Australia's travel industry.

Katz highlighted more than 80% of cruise holidays were booked and managed by agents, and called for a long-term plan for the revival of the travel economy.

## 2021 Super Cruise now open to all

**THE** 2021 Cruiseeco Super Cruise (CW 31 Jul) is now open to any travel agencies in Australia or New Zealand, rather than just to the consortium's members.

Cruiseeco said the decision was "hard but logical", and borne out of a will to ensure its partners and the charterer of the itinerary, Choose Your Cruise, could operate a viable and successful cruise of its size during the coronavirus downturn.

"The challenge for us is how we do this while maintaining price integrity...the best way to achieve both aims is to have the widest possible distribution for the product this year," Cruiseeco said in an update sent to members last week.

"Choose Your Cruise and Cruiseeco have determined the best outcome is to invite agents outside of the Cruiseeco network to offer the 2021 Super Cruise".

The itinerary will sail from 23-30 Nov 2021 aboard *Oasis of the Seas* (pictured) and combine the popular Rock Your Boat and Cruisin' Country cruises into a single voyage.

Cruiseeco also flagged its membership fees were being

waived until Jun 2021 "to assist members in their forward financial planning", and also announced National Product Manager Dean Sinclair would be departing on 02 Oct to pursue a new opportunity outside the travel industry.

## Diadema to return

**COSTA** Cruises has returned a second ship to service, with *Costa Diadema* departing Genoa over the weekend.

Including calls at ports in Italy and reserved for Italian guests only, *Diadema* will visit Civitavecchia, Naples, Palermo, Cagliari and La Spezia.

Two more ships are expected to enter and re-enter operation across the remainder of the year, which will include *Costa Smeralda* on 10 Oct, and the debut of *Costa Firenze* on 27 Dec, both of which will be available to European citizens who are residents of the countries listed in Italy's most recent Prime Ministerial decree.

"The initial response from our guests has been most encouraging," said Costa Group Chief Executive Officer Michael Thamm.

## Seabourn a cut above the rest

**THE** first steel has been cut for Seabourn Cruise Line's second expedition ship.

Managing Director of T. Mariotti shipyard Marco Ghiglione presided over the ceremony (**pictured**) with Seabourn Vice President Newbuilding Cyril Tatar joining, and the line's President Josh Leibowitz tuning in virtually.

The second ship, which has yet to be named, is scheduled to launch in 2022, with sister and fellow Venture-class ship *Seabourn Venture* (**CW** 25 Nov 2019) slated to launch in 2021.

Both ships will be designed and built to PC6 Polar Class standards, and will include 132 oceanfront veranda suites, two custom-built submarines and 24 Zodiacs.

"The first steel cut for the second Seabourn expedition vessel, while *Seabourn Venture* is already under construction, enhances the enthusiasm even

more for the successful and long lasting cooperation with Seabourn," said Ghiglione.

Leibowitz added his enthusiasm, saying, "this milestone further

underscores our commitment to the expedition travel category and I'm confident these ships will deliver extraordinary expedition experiences."
