An easy sell for clients who want smaller ships

Hapag-Lloyd Cruises runs a fleet of five small ships. EUROPA and EUROPA 2 are the luxury ocean ships, with spacious suites and fine dining.

The HANSEATIC expedition ships carry no more than 230 guests and use Zodiacs to land where larger ships can't.

Every ship operates in English and German, so Australian and New Zealand guests feel at home on board.

Offer valid for new bookings made by 30 November 2026 for travel January to August 2027. Discount of 15% to 40% applies to the SILVER fare and varies by voyage. Subject to availability, not combinable with other offers, and may be withdrawn once allocations sell out.
